Government of Andhra Pradesh (GoAP) is focused on creation of green economy and thriving ecosystem for Integrated Clean Energy across the value chain, through a robust framework to attract investments, thereby contributing to India's Renewable Energy growth and driving action in mitigating climate change.

2. To achieve and lead the country's goals of net zero, the GoAP has formulated "Andhra Pradesh Integrated Clean Energy Policy, 2024" for attracting Clean Energy investments and notified vide G.O. Ms No: 37 dated 30.10.2024 of Energy (Power-II) Department.

3. The policy aims to add over 160 GW of renewable energy capacity, with a potential to attract investments worth ~INR 10,00,000 Crores, thereby generating an estimated employment for 7,50,000, both direct and indirect. The policy will propel Andhra Pradesh to become a Clean Energy hub and contribute towards self-economic reliance. Under the policy, it is proposed to encourage both large scale and decentralised Renewable Energy generation in the State.

4. In the reference 1st read above, M/s. Navayuga Engineering Company Ltd., have submitted proposal for allocation of 1500 MW Gujjili and 800 MW Chittamvalasa Pumped Hydro Storage Power Projects in Alluri Seetharama Raju District.

5. The proposal of M/s. Navayuga Engineering Company Ltd. has been placed before State Investment Promotion Board (SIPB) meeting held on 30.01.2025. The SIPB has taken the following decisions:-

a. SIPB has agreed for allocation of 1500 MW Gujjili and 800 MW Chittamvalasa PSP projects in Alluri Seetharamaraju District to M/s. Navayuga Engineering Company Ltd. as per AP Integrated Clean Energy Policy 2024.

b. SIPB has agreed for allocation of revenue lands if any falling in project area as per the provisions of AP Integrated Clean Energy Policy.

c. M/s. Navayuga Engineering Company Ltd. shall approach the appropriate authority for allocation of water for the PSP projects after assessing the requirement of Water.

6. Government after detailed examination of the proposal of M/s. Navayuga Engineering Company Ltd. in consultation with various stakeholders, has further issued orders as follows,

a. Allotment of 1500 MW Gujjili and 800 MW Chittamvalasa PSP projects in Alluri Seetharamaraju District to M/s. Navayuga Engineering Company Ltd. as per provisions of AP Integrated Clean Energy Policy, 2024.

b. Extend incentives under AP Integrated Clean Energy Policy, 2024 as follows:-

i. Government/ Revenue/concerned department will consider to allot the land available if any in the project boundary to the Developer on alienation basis for lease up to a maximum 33 years and further extendable at the later stage including the construction period. The land lease rate for revenue/government/private/patta land will be Rs. 31,000/acre/year with 5% escalation for every 2 years for Clean Energy Projects. Given the nature and long gestation period of PSP projects, developer shall also permitted for outright purchase of revenue/government land at the rate of INR 5 lakh/ acre or basic value, whichever is higher. The land allotment shall be done as per the existing Andhra Pradesh Land Allotment Policy 2012 or any other GoAP directions and its amendments from time to time.

ii. Deemed Non-Agricultural status will be accorded for the land utilized for development of Clean Energy Projects. However, an application has to be submitted to Revenue Department for one time land conversion. Any applicable fee for such land conversion shall be exempted.

iii. Water allocation & Charges: In line with MOP guidelines dated 10.04,2023 to promote development of Pump Storage Power Projects, no water cess shall be levied. GoAP shall facilitate water allocation on priority as per the Industrial Water Supply Policy / guidelines issued by the Water Resources Department. Water for one time filling and annual recoupment shall be charged as per applicable rates, as amended from time to time.

iv. Waiver of Stamp Duty & registration fee: In line with MOP guidelines dated 10.04,2023 to promote development of Pump Storage Projects, Stamp duty and registration fees shall be exempted for land to be acquired by off-the-river PSP projects.

v. Electricity Duty: Electricity Duty is exempted on conversion losses for the period of 25 years.

vi. Cross Subsidy Surcharge (CSS): Cross Subsidy Surcharge shall be levied only on final consumption or sale of electricity.

vii. Free Royalty Power: No imposition of requirement of free power to home state (Andhra Pradesh).

viii. Market reforms: APERC may devise appropriate rules in line with MOP's Guidelines to promote development of Pump Storage Power Projects dated 10.04.2023, to create market for ancillary services, thereby provide appropriate market signal for PSP generators. ln the event of capacity contracted not being fully utilized by the contracting agency, the Developer would be free to transfer the usage of the capacity to other interested entities so that resources do not remain idle. The gains made shall be shared with the original beneficiary in the ratio of 50:50.

ix. Rehabilitation & Resettlement: Developers shall mandatorily follow the provisions of Rehabilitation & Resettlement Policy of the Government of India and Government of Andhra Pradesh scrupulously at their own cost.

x. Cost of Local Area development: Developers shall follow the guidelines issued by the Government of India from time to time for promotion of Hydro Power Projects.

xi. Budgetary Support: Ministry of Power guidelines dated 10.04.2023 extends its Budgetary Support in the form of reimbursement towards Cost of Enabling infrastructure such as all Roads and Bridges required to connect major components like Dam, Powerhouse, pressure shaft, etc. to the nearest State/National Highway. SNA shall facilitate the Developer for getting "in principle" approval for the grant from Ministry of Power.

c. All fees and charges as per the AP Integrated Clean Energy Policy 2024 shall be paid by M/s. Navayuga Engineering Company Ltd.

d. Eligible grants if any from MNRE/ Central Government may be considered for extending to the proposed wind power project as per the policies of Govt. of India without any financial commitment from Govt. of AP.

e. Connectivity of CTU/STU will be recommended duly fulfilling the connectivity requirement of earlier sanctioned/ agreements entered with project developers.

f. APTRANSCO shall facilitate for evacuation of power from the proposed PSP Power Project to the nearest CTU sub-stations as per the provisions of AP Integrated Clean Energy Policy 2024. Necessary evacuation facility till the nearest CTU shall be developed by M/s. Navayuga Engineering Company Ltd.

g. The Power generated from the PSP project should be connected to Power Grid/CTU substations and delivered outside the State with no obligation for DISCOMS to purchase power. However, the state shall have the right of first refusal of up to 30% of the allotted project capacity and tariff shall be determined by SERC under Section 62.

h. The project shall be completed within 48 months as per the provisions of AP Integrated Clean Energy Policy 2024.

7. The Revenue Department/ Industries & Commerce/ APTRANSCO shall take necessary action accordingly pertains to their issues.

8. The Vice Chairman & Managing Director, New and Renewable Energy Development Corporation of Andhra Pradesh, Tadepalli shall take further necessary action accordingly.
